

KIMBERLING CHURCH c. 1900

This is not a very good picture of the Kimberling Church, but I thought it an interesting glance into the past. The photo was on an old postcard found in a collection of pictures that once belonged to Ambrose Lafayette Snavelly. The 1900 date is my guess as the old post card was not dated.

The church is located in the Kimberling Section of Wythe County, Virginia, which is north of the town of Rural Retreat. From Staley's Crossroads (the intersection of US Highway # 11 and state route # 680), drive north on state route # 680, passing underneath Interstate 81 and continuing on # 680 for approximately one half mile to state route # 617 on the left. Turn left on # 617. After approximately one mile on # 617, you will see the church on the left.

As with St. Paul cemetery, the identity and date of burial for the first to rest at Kimberling is not known. Also, many of the stones are unreadable, and have been for many years. The number of graves without stones is also not known.

Following are the names in stone in Kimberling cemetery that I could identify on May 11, 1981.

Two lines of print will be used for those individuals with identifying data, either from the stones, or my knowledge. Line one will contain the individuals name, date of birth, and date of death. Line two, if any, will contain additional data for that particular individual.
